Learning Skills for Sixth Formers at Abbotsholme

We asked the opinion of our experts in Year 11 and Sixth Form, and here's what they said:

They help us with our spelling and they let us go on the computers to research things which we were struggling

They help us with homework if you don't know what to do.

They help you revise. They give you exams to do and they have revision books to help.

The Department have helped me through my GCSEs.

Gives us confidence in our:

- ❖ Ability
- ❖ Organisational Skills

Very helpful for kids who need the extra support in tough GCSE and A level times.

It has improved my spelling, reading and writing

I think without Learning Skills I would be lost...I feel that if Learning Skills was not here my school work would not be good and I would not be the person I am today. They help me understand what is going on and I feel safe and understood here.

- ❖ Easy to talk to and can help you understand it more by going through your work in a different way
- ❖ Help you understand difficult words
- ❖ Can help you with BTECs more so you can get higher marks
- ❖ Helpful support whenever you need it
- ❖ Can help you achieve better marks more easily.

Learning Skills in Sixth Form helps because I can get help from staff who understand us and can help us.
