

## ABBOTSHOLME ENGLISH TEST OVERSEAS STUDENTS

Abbotsholme requires all overseas students to take this Cambridge Placement Test so that we can find out each pupils English level and ability before entry into the school and create a tailored English programme for them.

This test is fast, extremely reliable and available for all international students wherever their country of origin. It takes a maximum of 30 minutes and must be invigilated by an agent or the candidate's school. Results are instantly reported to Abbotsholme on an overall scale of 0-100 based on the CEFR levels from Pre-A1 to C2.

If the internet connection breaks during the test the same token number (which is a specific number given to the candidate to log into the test) can be re-entered and the test will resume from where the problem occurred. Candidates will not be able to see their results. There are pre-test tutorials and on screen help for candidates.

### Technical requirements for PCs: Minimum Recommended

Processor	Pentium® II 450	MHz Pentium III 800 MHz
RAM	256 MB	512 MB
Free hard drive space	2 GB	4 GB

Adobe Flash Player®	v 9.0	v 10.0 or later
Java Runtime Environment	v 5	v 6
Other	Sound card and headphones	Sound card and headphones

### Other factors affecting performance

The Cambridge Placement Test is a real-time online test. As a result, its performance depends on factors such as internet connection speed, available bandwidth, the number of concurrent internet users on a network, other internet services which are running and local ISP capacity.

Candidates should log in to: <https://www.cpt.cambridgetest.org>
